The morning will consist of instruction in several types of tissue staining with fluid acrylics and creation of a number of pages for use in the afternoon. There will be a discussion of using the same process with muslin fabrics. In the afternoon we will create a couple of collages on canvas board and muslin (that can be then stitched in a manner similar to slow stitching) using the tissues and fabric scraps (from participants own scrap stash). There will be emphasis on colour, composition, focal point and other art elements necessary for successful collage creation.

Supply list (and details as to what is in the kit) will be sent to registrants.

Please bring your own lunch. Tea, coffee and cookies will be provided.

Saturday March 7, 2020

9:30 - 4:00

Wesley Knox United Church

You will learn multiple techniques for printing or transferring photographs and images to fabric. Some techniques will be demonstrated, and others explained. Mandy will also demonstrate how to prepare files and advise where fabric can be printed using your photographs.

The fun then begins by experimenting with creative ways to add embroidery and appliqué to your printed portrait photograph on fabric. You will leave the workshop with a one-of-a-kind 10" x 10" piece of textile art that will amaze your friends and family!

Prior to the workshop you will need to send a portrait photograph of your choice to Mandy who will have it printed on fabric. You will be given instruction on this at a later date.

* You can use any photograph of your choice. However, Mandy will be demonstrating using a portrait photograph.

Supply list (and contents of kit) will be sent to registrants. When you receive the supply list you will need to send a photo to Mandy.

Please bring your own lunch and mug. Tea, coffee, and cookies will be provided.
