

Summer Workshop 2019

Dates June 3-7, 2019

Venue: John Labatt Visual Arts Centre Western University

5 Day Workshop

Earth, Wind, Fire and Water with Kate Bridger-- June 3-7

This workshop will help you explore and deconstruct the four elements of the natural environment and learn how to manipulate textures, colour and form to represent the essence of these important components. With a better understanding of the components of the elements, an artist can reassemble the elements with the building blocks they've identified during the deconstruction process. All this leads to more interpretive and expansive works.

This is not a sewing workshop--- this is a workshop for artists who happen to use sewing machines.

2 Day workshops

Scorched with Janet Scruggs-- June 4-5

This workshop allows participants to play with thickened lemon juice with stencils, masks, screens, and on its own, to create. As the images do not appear until heat is applied with an iron or heat gun there are always surprises.

Creating Texture with Free Motion Embroidery with Nell Burns-- June 6-7

In this workshop you will explore the possibilities of creating texture with free motion embroidery using a variety of fabric, yarns and threads. You will produce a range of samples which can be kept for reference or combined to make a piece of wall art, quilt, pillow, card etc. Techniques taught include - creating stitched cloth, embossing with thread, lace making, beading, braid making, 3D embroidery, stitching on water soluble fabric, cable, whip and feather stitch, thread painting, and stitching tapestry & waste fabric.

This is a sample based class, not a project or pattern based class. www.nellsembroidery.com
