

## November Calendar of Events

Excitement is building as the 50<sup>th</sup> Anniversary of CEG-London approaches. Originally, we were hoping to host several in-person events throughout the year to celebrate, promote and share our love for stitching and all things textile arts. Even though more traditional events are not yet practical, we can still celebrate with current and potential Guild members.

Each month, we will post a listing of upcoming events in the area. We hope that you will grab a friend or family member and take in one of these events to spark your own creativity and perhaps entice someone else to start their own stitching journey.

As opportunities arise for more traditional events, we will add them to the list. If you know of an event that would be of interest to Guild members, please email [staceyarthur@hotmail.com](mailto:staceyarthur@hotmail.com) and it will be added to the list.

Here is the updated list for November 2021:
