

January Calendar of Events

Excitement continues to build as the 50th anniversary of CEG-London approaches. This month, we have looked for free fibre related virtual events. Many galleries are posting their exhibits on-line. There are also several “live” online workshops as well as pre-recorded workshops that look very interesting.

We hope that you will grab a friend or family member and take in one of these events to spark your own creativity and perhaps entice someone else to start their own stitching journey.

And if you’re looking for a “rabbit hole” to explore, try [Google Arts & Culture](#). You can search by key words like “fibre arts” as well as venue or artist name.

As opportunities arise for more traditional events, we will add them to the list. And if you know of an event that would be of interest to Guild members, please email staceyarthur@hotmail.com and it will be added it to the list.

Here is the updated list for January, 2022:
